

Position Vacant

Under Ground Charge Up Operator

An exciting opportunity with this dynamic and fast-growing business awaits the right candidate. This is a busy, high volume but friendly environment that will suit a safety orientated person with a driven work ethic and plenty of team spirit.

About the role

The full-time position is based ex-Perth. The family friendly roster will be 2&2 (2 weeks on, 2 weeks off). At least 1 years' experience with UG emulsion charge up is essential. You will be required to work on various customers' sites and provide support to the Trainer.

Benefits

Our fast-paced and supportive environment will offer you lots of benefits – a competitive salary, flexible working arrangements, and continued professional growth and development opportunities through training and projects.

Minimum skills and experience

- Experience in operation of UG emulsion charge up units (UPU's, Dyno Miners, Hyper charge) essential;
- Experienced in charging Development and Production (Up Holes) essential;
- Dangerous Goods Security Clearance (Unsupervised Access);
- Dangerous Goods Drivers Licence
- Shotfirer's ticket
- HR Drivers Licence

Pre-employment considerations include a health assessment, drug & alcohol screening and providing a National Police Clearance.

If this sounds like the right place and position for you, we'd love to hear from you.
